REMARKS/ARGUMENTS

The Applicant encloses a replacement claim set in reply to the Notice of Non-Compliant Amendment of April 18, 2006.

The Applicant would like to point out that he is unaware as to what exactly was improper in the claim set sent February 1, 2006. The Applicant suspects the lack of space between each claim parenthesis and the first letter of the beginning of the claim (for example "(Currently amended) A") was the reason for the Notice of Non-Compliant Amendment.

However, the Applicant is unsure. Should this reply still be incorrect, the Applicant would be extremely grateful if a further Notice could be issued that specifically provides a detailed explanation of the error contained in the claims status identifier.

It is respectfully submitted that the Examiner's rejections have been successfully traversed and the application is now in condition for allowance. Accordingly, favourable reconsideration of the application is courteously solicited.

Very respectfully,

Applicant:
